

# **Mars Police Department Retirement & Service Award**

*For Lieutenant/Officer Beau Sneddon*

The Mayors and Councils throughout your years have deep appreciation for how you served the Mars community during your tenure as an Officer In Charge & Patrolman.

The challenges you faced, were met and exceeded through your professionalism. While there's plenty that a police department can do, an engaged police officer, like yourself, brought purpose to serving the town of Mars, attracting other quality officers to serve here too.

Your community priorities were integral to achieving safety for visitors, businesses, and residents.

As Officer In Charge, you put passion and commitment to work as a priority — to build on the efforts of all those that served before you and now you are handing it off to the next generation of police officers for this community.

In the end, service binds us to each other — and to our community and our country — in a way that nothing else can. That's how we become more fully American. That's what it means to be American. It's always been the case in this country — that the notion that we invest ourselves, our time, our energy, our vision, our purpose into the very fabric of our community. That's the essence of our liberty — that we give back.

**Thank you for all the you have given to the Mars community!**

The Honorable Gregg Hartung  
Mayor of Mars Borough, PA
